

Electric Vehicle Charger Rebate

\$250.00

Thank you for your interest in our Electric Vehicle Charger Rebate program. Grady EMC offers this incentive to members that plan on installing a level 2 or greater EV charger at their home. Our rebate is intended to offset the out-of-pocket expense related to ownership of an EV. In order to qualify for this incentive, you must have your equipment verified. Please complete the following information and return it to our office. Once this information is received and verified, your rebate will be processed.

Member Name _____

Address _____

City, State, Zip Code _____

Phone Number _____

Member must own/install a Level II charger or greater to qualify for the credit.

Only RESIDENTIAL members are eligible for this rebate (One per household).

Rebate will show up as a credit on your bill.
